

# Memorandum

To: CHAIR AND COMMISSIONERS

CTC Meeting: January 22-23, 2003

Reference No.: 2.5f.(4)  
Information Item

From: ROBERT L. GARCIA  
Chief Financial Officer

Prepared by: Robert Sertich  
Chief  
Division of Budgets

Ref: **INFORMATIONAL REPORT - SHOPP/SAFETY PROJECT ALLOCATED BY THE  
DEPARTMENT UNDER RESOLUTION G-01-10**

## **SUMMARY:**

Pursuant to the authority granted by Resolution G-01-10, State Highway Account and Federal Trust funds of \$1,088,000 were allocated for one (1) State Highway Operation Protection Program (SHOPP) safety project on the attached list.

This major construction project is included in the adopted SHOPP approved by the Commission on April 4, 2002.

As of this report, \$40,431,000 in Safety delegated projects were allocated in FY 2002-03. The California Transportation Department (Department) has installed 20.0 centerline miles of median barriers; installed and upgraded guardrails and crash cushions in 1,011 locations.

Delegation authority of rehabilitation projects was suspended at the December 2002 meeting.

## **BACKGROUND:**

On March 28, 2001, the California Transportation Commission (Commission) delegated to the Department authority to allocate funds by Resolution G-01-10 for SHOPP safety and pavement rehabilitation projects. This authority allows the Department to begin work without waiting for the next Commission meeting to receive an allocation.

The Department has complied with the National Environmental Policy Act and the California Environmental Quality Act requirements in preparing these projects.

The SHOPP as approved by the Commission, is a four-year program of projects with the total annual proposed expenditures limited to the annual Commission approved Fund Estimate. The Commission, subject to monthly reportings and briefings, has delegated to the Department the authority to amend programmed projects, the authority to allocate funds for Safety projects and the authority to allocate funds to emergency projects. The Department uses prudent business practices to manage the combination of individual project cost increases, and savings to meet Commission policies.
